

Westport Arts Council

An Artistic Village
Celebrates its Voice

**Supporter of The
Arts in Westport**

**Donation of \$35
*or more***

westportartscouncil.com

The Westport Arts Council loves the arts and we recognize they bring strong values and benefits to the community. The arts educate our children to succeed in school and beyond, provide important social and creative outlet for citizens, foster village vibrancy, enhance our quality of life, and stimulate economic development.

As a non-profit organization, however, we depend on volunteers, donations and sponsors to make our activities and programs possible. All funds are channeled directly back into the community via our events and programs whether it's helping the local schools with art workshops, exposing new talent or ensuring the annual music festival is free for all.

Your donation of \$35 or more includes your name listed on our web site under Supporter of the Arts(optional), an invitation to our WAC Appreciation Night, and for artists a free space for Spring Street Festival with early booking (limited availability).
